**Invitation and
Announcement**

Dear Colleagues,

This year's 19th International Symposium Forensic Dentistry will take place from August 1st – 4th 2023 in Munich, Germany. The Bundeswehr Medical Academy is the conference location for this event.

The Symposium brings together around 150 participants – dental officers from Germany, from other NATO- and PfP-nations as well as representatives of police organizations, scientist and professors in the field of forensic dentistry and forensic medicine.

It is intended to not only disseminate current information on forensic dentistry but also subjects of interest in the field of case- and police-work, radiology, forensic medicine and DVI in general. Sharing of experience, lessons learned and lessons identified will be a focal point.

Sessions will be held in English language only.
You will earn CME credits and receive a certificate.

The schedule for the conference is as follows (please also see draft agenda attached to this email):

Tuesday, August 1 2023	until 6:00 PM: Travel/Arrival at Bundeswehr Medical Academy 7:00 PM: Ice-Breaker Reception
Wednesday, August 2 2023	9:00 AM Opening of the Symposium Scientific program until 4:00 PM Social Event Evening
Thursday, August 3 2023	Scientific program from 8:15 AM until 4:15 PM Free Evening Downtown Munich
Friday, August 4 2023	Scientific program from 8:30 AM until 11:30 AM from 11:30 AM: Departure/Travel

I am looking forward to having a big international community gathered here again sharing knowledge and enjoying Munich in the Bavarian Summer!

The symposium is also a venue for informal interaction, networking opportunities and the exchange of ideas with various social events, i.e. the Ice-Breaker Reception and a social event downtown Munich.

I am looking forward to seeing you in Munich this coming Summer!

Kindest regards,
signed in original
Christoph Hemme
